CONFIDENTIAL AUDIT & PROPOSAL Amarillo, Texas Panhandle

Prepared For: **Chris Rhynehart, René Montoya & Dale Orr**

Local Market Dominance & Revenue Recovery Proposal

A comprehensive, evidence-based diagnostic of **Rhynehart Roofing, Inc.** across Google Search, Google Business Profile, and the Amarillo Geo-Grid — with an actionable 4-phase turnkey roadmap to capture high-ticket storm damage and roof replacement leads.

CUSTOMER TRUST	OVERALL LOCAL SCORE	CITY-WIDE VISIBILITY	LOCAL AI VISIBILITY
4.9★ (96 Google Reviews)	45 / 100	16 / 100	6 / 100
René & Dale Widely Praised	Critical Deficit	84% Market Share Lost	0% Google AI Overview

Target Website: rhynehart.com • Address: 6900 W McCormick Rd, Amarillo, TX 79118 • Phone: (806) 622-0090

01

Why your stellar reputation isn't converting into city-wide phone calls

The Problem in Plain Numbers

Rhynehart Roofing has operated since 1986 with a pristine **4.9★ rating**. Yet, when homeowners across Amarillo search for *"Roofing contractor Amarillo tx"* or *"Emergency roof repair near me"*, your business is virtually invisible.

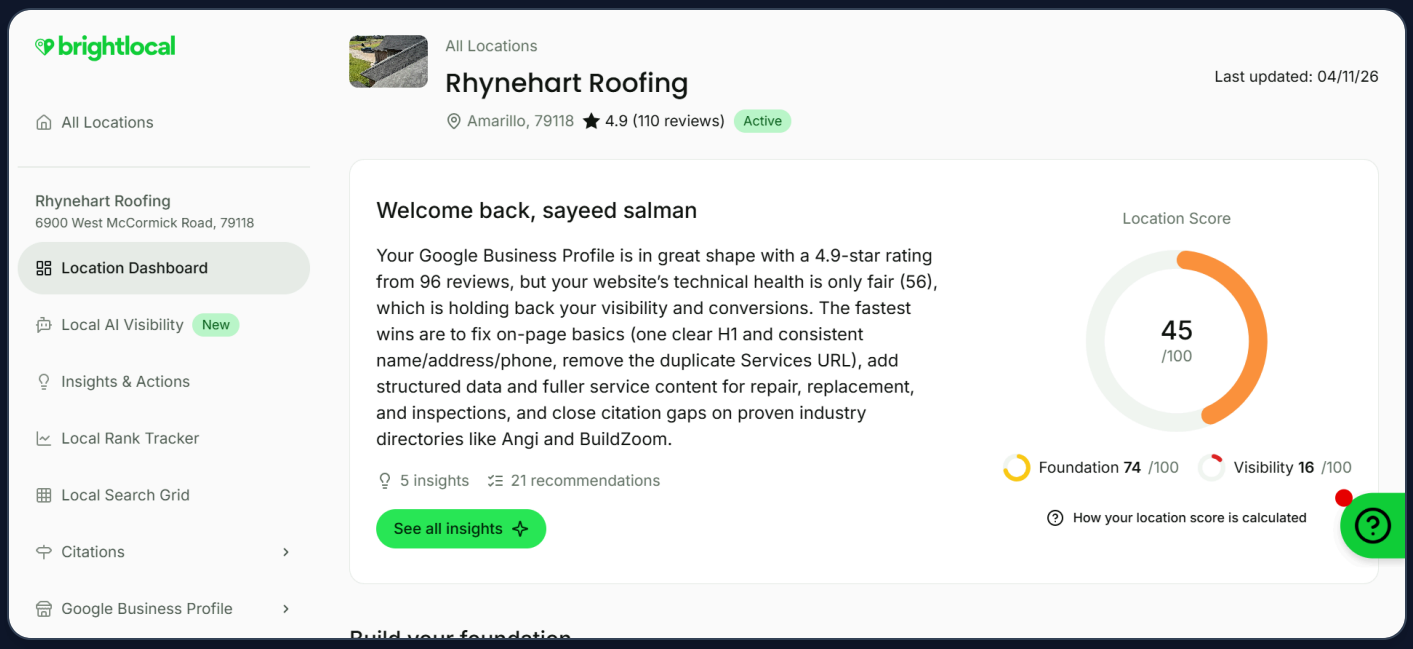

The Geo-Grid Cliff:

- **Within 1 Mile (McCormick Rd):** Rank #1 to #3 (Green)
- **Central Amarillo (Downtown, Wolflin):** Rank #15 to #24 (Red)

• **North & West Amarillo (Soncy, Medical Ctr):** Rank #26 to #50+ (Invisible)

Competitors like **TRX Roofing (Avg Rank 1.9)**, **Andrus Brothers (3.7)**, **Accent Roofing (5.0)**, and **Roof Smith (8.7)** are taking **85%+ of high-ticket storm insurance replacements** solely because they dominate those map pins.

9.2	Only 10%	+84% Growth

02

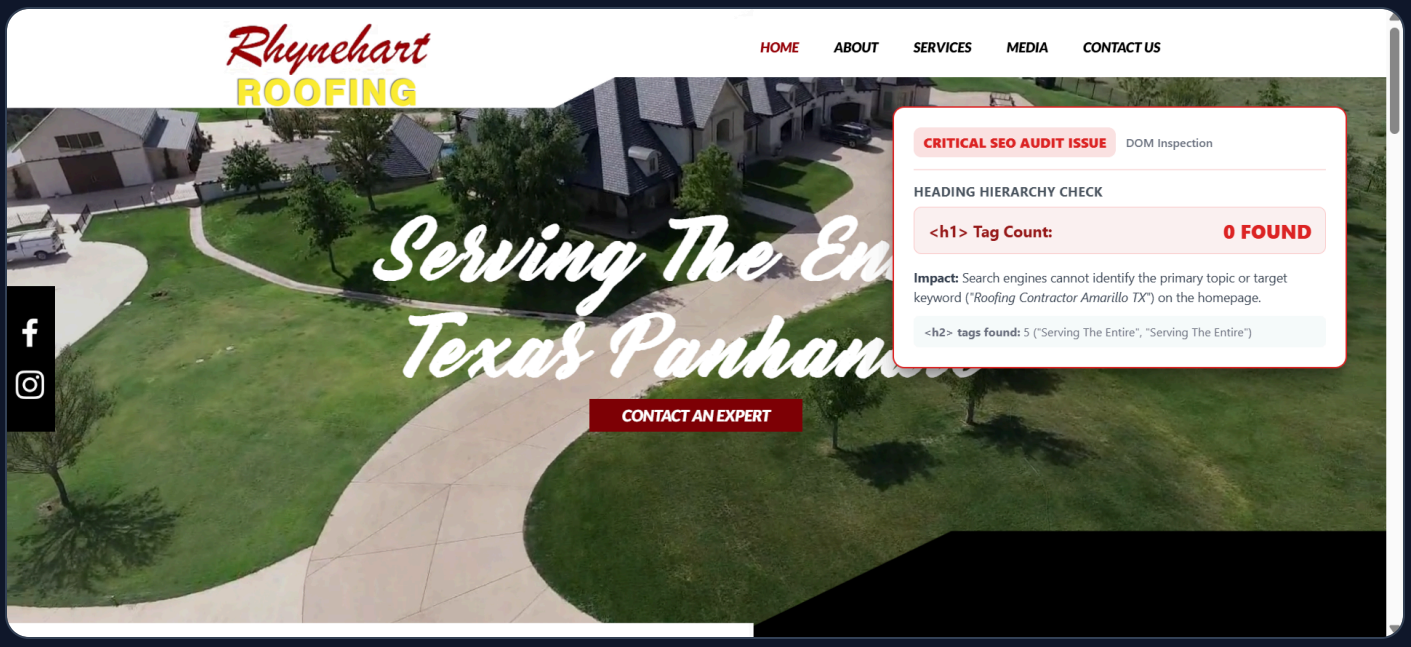

Specific on-page issues actively killing Google's confidence in rhynehart.com

DEFECT #1 • CRITICAL

H1 Hierarchy

Zero H1 Headings on Entire Site

Google crawlers require an `<h1>` to understand a website's primary service and location. Your homepage has **0 H1 tags**, jumping directly to 5 unoptimized H2 tags. Google cannot determine what you want to rank for.

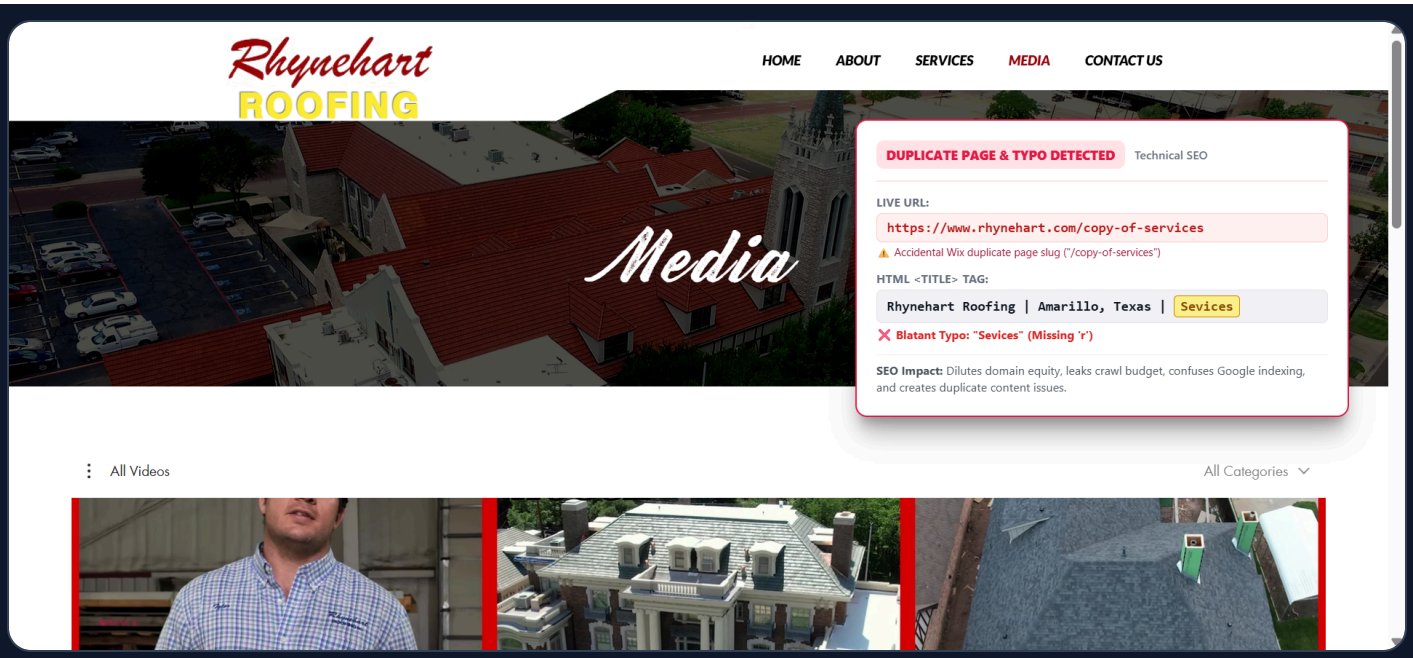

✓ Our Solution: Inject single, high-intent H1: *"Amarillo Roofing Contractor & Storm Damage Restoration"*.

DEFECT #2 • HIGH

URL Hygiene

Indexed Duplicate Page & Title Typo

An accidental Wix clone URL (`/copy-of-services`) is live and indexed on Google. Worse, its HTML title tag contains a blatant misspelling: *"Rhynehart Roofing | Amarillo, Texas | **Sevices**"*. This cannibalizes your rankings.

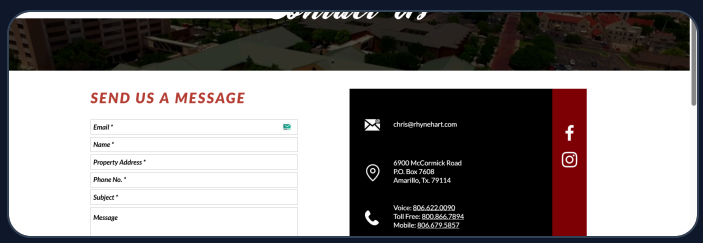

✓ **Our Solution:** 301 Permanent Redirect to /services, fix title tags, purge orphan URL from Google index.

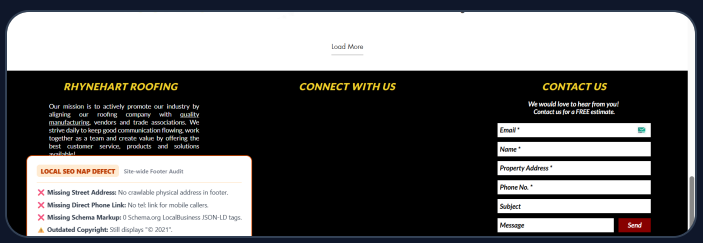

DEFECT #3 • CRITICAL

NAP Consistency

Severe NAP Discrepancy (79114 vs 79118)

Your Google Business Profile is located at **79118**. However, your website's **/contact** page lists **79114** with a P.O. Box, and your site-wide footer completely lacks a street address and click-to-call links.

✓ **Our Solution:** Standardize exact corporate NAP in footer, add tel:+18066220090, and inject LocalBusiness Schema.

DEFECT #4 • HIGH

Topical Authority

Thin Content Deficit & Speed Bottleneck

Your entire services page has only **399 words** (site average 317 words). Top competitors have 30+ dedicated landing pages for hail damage, commercial TPO, and drone inspections. Mobile PageSpeed sits at **55/100** with 53 missing image alt tags.

Services Word Count:	399 words (Sparse)
Mobile PageSpeed:	55 / 100
Images Missing Alt Tags:	53 of 70 (75.7%)

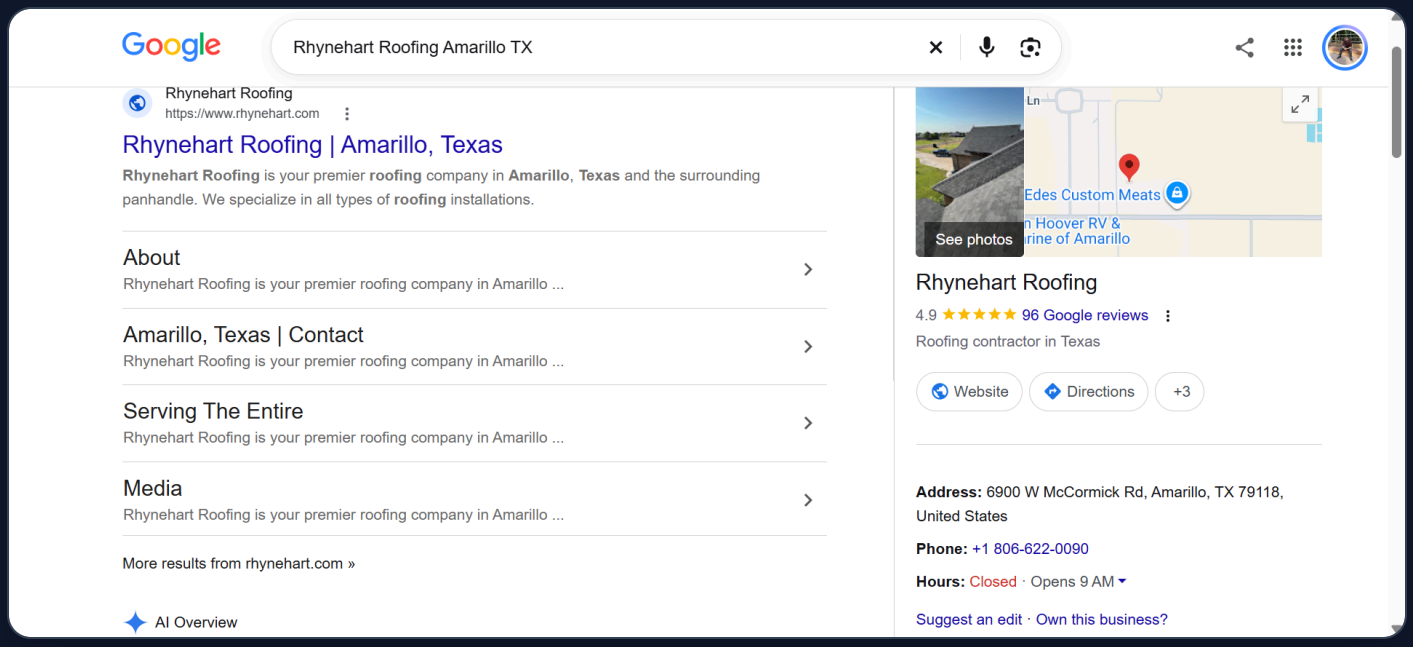

✓ **Our Solution:** Deploy 6 dedicated 800+ word service landing pages, compress images, and optimize script loading.

03

Capitalizing on your 4.9★ reputation to capture storm damage phone calls

GBP ASSET VERIFIED

Google Knowledge Panel

Unmatched Customer Sentiment: 4.9★ rating with 96 reviews. Reviewers specifically highlight René Montoya and Dale Orr for transparency, responsiveness, and walking them through insurance adjustments without pushy sales.

Where Competitors Gain the Edge:

- × **Photo Library Deficit:** Rhynehart has only **33 photos**. Direct competitors have 100+ (Accent: 104 photos, Ortiz: 120 photos, Morgan & Myers: 68 photos).
- × **Underutilized Secondary Categories:** Currently only has *Roofing contractor* and *Siding contractor*. Missing: *Gutter service*, *Construction Company*, *Repair service*.
- × **Zero Lead Attribution (UTM):** Website link lacks UTM tagging (`?utm_source=google&utm_medium=gbp`), leaving management blind to exact calls and quote requests coming from Google Maps.
- × **Citation Gaps on Tier-1 Directories:** Missing claimed profiles on **Angi (DA 86)** and **BuildZoom (DA 60)**, which Google AI heavily references.

GENERATIVE AI SEARCH VISIBILITY

Current Score: 6 / 100

When Amarillo homeowners ask ChatGPT or Google AI Overview: *"Find a licensed contractor for hail or storm leak repair"*, AI engines recommend **Roof Smith** (57% mention rate) and **Accent Roofing** (36%). Rhynehart is mentioned **0% of the time** because the site lacks structured storm restoration content and RCAT licensing citations.

04

Step-by-step deliverables to fix technical leaks and expand map rankings city-wide

MONTH 1 • IMMEDIATE

Phase 1: Foundation & Technical Hygiene

Zero Error Baseline

✓ Heading Tag Architecture

Implement single, keyword-optimized `<h1>` on homepage and service pages; reorganize subheadings into clean H2/H3 hierarchy.

✓ URL Cleanup & 301 Redirect

301 permanent redirect `/copy-of-services` to `/services`, fix title typo ("Sevices"), and purge orphan from Google index.

✓ Complete NAP & Click-to-Call

Hardcode exact corporate NAP in footer and contact page; hyperlink all phone numbers with mobile `tel:+18066220090`.

✓ JSON-LD Schema & Speed Boost

Inject full `RoofingContractor` structured data (geo-coordinates, hours, reviews); compress images & add 53 missing alt tags.

MONTH 1-2

Phase 2: High-Converting Service Hubs

Break Out of 79118

✓ 6 Dedicated Service Pages (800+ Words)

Deploy high-intent pages: *Residential Roof Replacement*, *Emergency Leak Repair*, *Hail & Wind Storm Restoration*, *Commercial TPO & Metal*, *Free Drone Inspections*.

✓ Insurance Claim Negotiation Landing Page

Spotlight René Montoya and Dale Orr's established expertise in meeting adjusters on-site and managing carrier paperwork without surprise out-of-pocket costs.

✓ Hyperlocal Neighborhood Hubs

Build dedicated sub-pages covering high-income Amarillo growth areas: **Canyon, Bushland, Wolflin, Puckett, Western Plateau, and Soncy**.

✓ Conversion Rate Optimization (CRO)

Embed 3-5 glowing customer review callouts and BBB A+ trust badges directly alongside quote forms for immediate quote conversion.

MONTH 2-3

Phase 3: GBP & Citation Authority

Local 3-Pack Dominance

✓ Secondary Categories & Service Catalog

Activate secondary categories (*Gutter service*, *Construction Company*, *Repair service*); build out itemized service cards matching search terms.

✓ Geo-Tagged Photo Expansion

Upload 50+ high-resolution, geo-tagged photos of Amarillo job sites, completed roofs, and branded trucks to outpace competitors.

✓ Claim & Standardize Tier-1 Citations

Claim and verify missing high-authority listings on **Angi (DA 86)**, **BuildZoom (DA 60)**, Facebook Business, and BBB to synchronize NAP.

✓ GA4 UTM Lead Attribution Tracking

Tag GBP website and booking links with campaign UTMs to provide management with transparent weekly call & form lead counts.

ONGOING

Phase 4: GEO & Review Funnel Engine

`Future-Proof AI Leads`

✓ Generative Engine Optimization (GEO)

Deploy FAQ structured schemas answering insurance and storm damage questions to position Rhynehart as ChatGPT & Google AI's top cited contractor.

✓ Keyword-Targeted Review Automation

Implement post-job SMS prompts guiding homeowners to mention specific services (*"hail damage repair"*, *"new roof replacement"*) in Google reviews.

05

Measurable business outcomes over a 90-day implementation cycle

DAYS 1 - 30

Clean Foundation

- ✓ 0 crawling errors & duplicate URL purged
- ✓ 100% NAP consistency across website
- ✓ Full Schema markup & click-to-call live
- ✓ Mobile speed improved to 85+

DAYS 30 - 60

Keyword Footprint 5×

- ✓ 6 new service landing pages ranking
- ✓ Angi & BuildZoom citations verified
- ✓ Secondary GBP categories indexing
- ✓ 50+ new geo-tagged photos active

DAYS 60 - 90

Map Pack Dominance

- ✓ Breaking the 1-mile geofence
- ✓ Top-3 Map Pack across Central Amarillo
- ✓ 3× to 5× increase in qualified quote calls
- ✓ Capturing AI Overview storm leads

NEXT STEP • ZERO PRESSURE
